

IMPROPER FEEDING OF NTU CATS

We know you mean well, but please leave the cats' dietary needs to the CMN feeders.

PLEASE AVOID FEEDING THE NTU CATS! THEY ARE WELL-FED EVERYDAY.

DON'T BE TEMPTED BY THEIR CUTENESS!

Please refrain from offering them any cat food or treats, even if they meow for it!

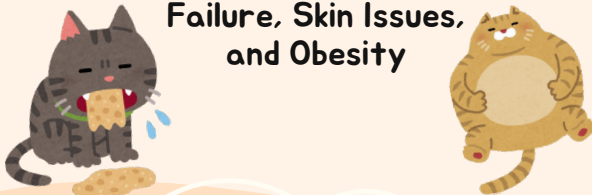

REFRAIN FROM FEEDING HUMAN FOODS!

Human foods are high in sodium and may make the cats sick.

HEALTH ISSUES WITH IMPROPER FEEDING:

When fed improperly, cats may face illnesses such as: Allergic Reactions, Kidney Failure, Skin Issues, and Obesity

CATS WITH SPECIAL DIETARY NEEDS

Some cats have specific dietary requirements, feeding them food may be a health risk for them.

**WHAT YOU CAN DO:
SHOW LOVE TO THE CATS BY PETTING OR PLAYING WITH THEM!**
